The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

MR. THOMPSON'S STATEMENT.

A dispatch from Montgomery, Ala., says J. S. B. Thompson, assistant to the president of the Southern Railway, yesterday gave out a statement concerning the railroad's recent controversy with the State of Alabama. After reviewing the legislation passed by the session of the legislature just closed, regulating rates and requiring foreign corporations to take out a license, Mr. Thompson says:

"In October, 1906, a suit was brought against the Southern Railway Company in the Talladega circuit, five months prior to the passage of Senate bill No. 86, requiring foreign corporation to take out a license. On July 24, 1907, the Southern filed a petition to remove this case from the State court to the federal court, and in consequence of its doing so its license to do business in Alabama was canceled. This step on the part of the Southern Railway Company was not taken with any purpose of defying the laws of Alabama, and it is believed by counsel that it was not forbidden by Senate bill No. 86. The State authorities, however, did not take this view of the matter, and the Southern Railway Company was indicted in Berry county.

"The claim that the Southern had forfeited its right to do an interstate passenger and freight business along its line presented a condition of affairs which was most serious. The Southern Railway Company felt itself obliged to do everything in its power and make every possible sacrifice to prevent a deplorable state of affairs from arising.

"Accordingly, it immediately opened negotiations with the public authorities of the State in an earnest endeavor to bring about a peaceable and orderly solution of the whole difficulty. It was demanded of the Southern Railway Company it should, pending the determination of the fairness and reasonableness of the passenger and freight rates fixed by the acts of the legislature, give up the protection of the interlocutory injunction and pending final determination of its case, put these rates into effect.

"The Southern Railway Company, while satisfied that it was proceeding in a legal and orderly way in defense of its property rights, after a careful consideration of the matter, did not believe it would be justified in standing out against this demand, but that, in the interest of a peaceable and orderly conduct of its affairs and the avoidance of angry controversy, it was performing its public duty and subserving public uses to make this concession. An agreement on this basis was then reached."

The restraining order issued sometime ago against the State of Alabama to prevent the operation of laws affecting railroads was yesterday modified in the federal court of Montgomery to allow the Southern Railway and allied lines to put in the 2½ cent passenger fares and the State freight schedule fixing the rates on commodities in the State. This is to carry out the agreement made between the State and the Southern Railway, as a result of which the recently canceled license of the railway was restored.

The effect of this order will be to reduce the passenger fares on more than 1,000 miles of railroad in the State. At the same time rates on freight will be cut down very much on the articles which are in most common use by the public, including fertilizers, which have been a bone of contention all along.

That Governor Comer intends to force the other railroads to follow the Southern and put in the lowered freight and passenger rates is indicated in an interview given out today. He says:

"I shall charge every officer of the State that any violation of our criminal laws, whether by individuals or trusts, no matter how small the individual or how great the magnate, is a violation of the law and alike made amenable. It is difficult to understand how many corporations can place themselves in defiance of the laws of the State and seek by injunction of the federal court to place themselves outside the sympathy and the laws of the State. If in the execution of any of the recently enacted statues there should be any part of them ineffective in operation, I would not hesitate a minute to call the legislature together and change them so as to give full force and effect."

Rising from the Grave.

A prominent manufacturer, Wm. A. Fretwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 50c.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

SATURDAY EVENING, AUG. 10, 1907.

ONE OF the heaviest rain and thunder storms of the summer swept over Baltimore and Baltimore county yesterday morning. It raged for more than nine hours, causing washouts on the suburban electric railway lines and delaying traffic, flooding the tracks of the steam railroads and making trains late, washing away bridges and flooding streets, sewers, cellars and alleys. The electrical part of the storm was especially severe, leaving in its wake a number of persons either stunned or shocked, burned buildings, wires torn down and poles wrecked. Some portions of Maryland were swept by hail, which broke window panes, cut down flowers and damaged crops. A score or more of barns in Washington, Frederick, Montgomery, Carroll, Howard, Harford and other counties in Maryland, and in York county, Pa., were set on fire by lightning and burned to the ground. Numerous church steeples in the storm zone were struck by lingh-ning and badly damaged. The storms were the most terrific in years. The loss to Maryland farmers will be many thousands of dollars. Dispatches from different points in Pennsylvania report severe electrical storms with damage by lightning and floods. While all these elemental disturbances were in progress moderate rains were falling in this city and vicinity, but no terrifying lightning or appalling thunder accompanied the rains. Alexandria has passed through but few serious ordeals incident to ravages by the forces of nature.

JOHN D. ROCKEFELLER, founder and supporter of the University of Chicago, was bitterly attacked Wednesday by Professor Charles Zueblin, of the department of sociology of that institution. A similar attack was made by Professor Bushnell, of Washington, who declared that the whole world is turning to socialism in an effort to escape the burdens that have been piled on by the class to which Rockefeller belongs. The subject of Professor Zueblin's lecture was "The Constraint of Orthodoxy." He assailed orthodoxy, not only in religion, but in economics, politics and social life, declaring it to be the cause of many of the present day evils. He said, in part:

John D. Rockefeller, J. Pierpont Morgan, E. H. Harriman and the other trust magnates are doing more to make socialism possible than are its most zealous adherents. They are consolidating the industries and thereby simplifying the process for State ownership, which constitutes socialism.

Prof. Zueblin's deductions will be controverted by many, while Mr. Rockefeller will realize the truth of the assertion that often a man's enemies are they of his own household, as oil magnate's money supports the institution to which the professor is attached.

A STORY equally as wonderful as Moses in the bullrushes comes from Lynn, Mass. An infant was on Thursday last picked up alive on the ocean's shore. The child, some think, was thrown into the sea from a passing steamer. Others believe its unnatural parent or parents carried it to the sea and cast it in for the purpose of destroying it. The police think the baby was thrown into the water at a spot where there are a number of jagged rocks at the full flood tide. Instead of being washed out to sea the child was carried back toward the shore and landed between two of the rocks, where it was firmly wedged. Every particle of clothing was water-soaked, and the child's face looked as if it long had been exposed to the water. Its appearance is not that of a baby that has lacked anything in life. It is by no means important to know how the little one with the charmed life made its way to the spot where found. Like the renowned Hebrew of old, the infant seems destined to live, even if it fails to play as important a part in the history of the world as did Moses.

THE STATEN ISLAND ferry boats are no more to be classed as floating dormitories. To the overworked business man, to tired sweethearts returning from Manhattan theatres, to commuters, whose time for home repose is all too brief; to persons who have tarried too long in the cafes and to chronic sleepers, the municipal ferry boats have proved a godsend. Their dreams were rudely disturbed a few nights ago when a policeman shook them by the shoulders or tapped them on the soles of their feet. The sleepers will sign a protest against the anti-slumber rule and it is hoped that the officious and cruel mates, under whose orders the policemen are acting, will be made to rescind their behests. There has for some time been considerable complaint from people compelled to patronize Staten Island boats since they were placed under municipal ownership, and the above senseless order will add to the general discontent.

CONDITIONS in Morocco are serious, and a wave of fanaticism has been placed in motion which may result in much bloodshed. A holy war is being preached by members of one of the most cruel and bigoted races that has ever disgraced their genus. The cry of "holy war" is as a prairie fire when once started, and the result may well be regarded with apprehension. Christians and Jews are, of course, the objects of vengeance when the sword of the "prophet" is being wielded, and many are doubtless destined to die for their faith. Earth's storms and tumults are still in evidence notwithstanding the good motives of those at present engaged in peace conferences.

DURING THE past few years the world has heard of Jack the Ripper, Jack the Pincher, Jack the Hugger, Jack the Kisser, and Jack the Peeper, and now Jack the Greaser has entered the arena in St. Louis, and is inspiring terror in children and mothers in that city. Several children have been carried away and no more serious crimes are alleged than the greasing of their bodies after their clothes had been torn from them. It is hoped that this individual will fall into the hands of certain "Jacks," not greasers, but such as know how to apply tar and feathers.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 10.

Complying with a request for a statement of his opinions concerning government activity against the Standard Oil Company, Chancellor James R. Day, of Syracuse, N. Y., University, has prepared for the United Press Association a signed interview commenting on recent court proceedings and federal reports in which the big corporation has been placed on the defensive. In addition to his prominence as an educator and clergyman, Chancellor Day has come prominently before the public through his criticism of similar government activities in the recent past and his questioning of the wisdom of the administration's policy in matters concerning the country's corporations. Mr. Day expresses himself as follows: "You request my opinion of the Standard Oil fine. The question is wider than one corporation. If it were only the Standard Oil it could be left to that company and its successful competitors but the assault is upon business institutions, which, under charter of the States, have built up the most gigantic commerce the world has ever known. The serious feature is the use of the court and the prosecuting machinery of the country to direct the frenzy created by a long and persistent yellow appeal of demagogy. The Standard Oil case is plain enough. It was begun by the President's attack before Congress to bring a pressure upon the senators who hesitated to pass the Hepburn bill. It has been dragged before judges appointed by the President and tried in parts of the country notoriously hostile to the trust assailed by a commissioner in a report untrue to fact, as the trial was about to begin; in utter violation of common fairness, sentenced twenty-nine times more than the capital of the company tried. The sentence pronounced is a violent harangue, showing spite and vindictiveness, followed at once by another assault of the commissioner again untrue on the facts and purile in reasoning, held back six days according to Mr. Loeb, either by the authorities at Washington or by a singular and unheard of lack of newspaper enterprise so that it is timed to the judge's decision by a striking coincidence. These are some of the startling elements in this remarkable case of 'square dealing.' Some day you will be judge in the calm of history. In the meantime it remains for the American people to say how far they can safely permit the courts to be used in the same game of politics. If it is the settled determination of the people to harrass and destroy the centers of manufacture and commerce and the great railways of the country, I propose that we have the third term by unanimous acclamation, Mr. Bryan for Vice President, Mr. Hearst for secretary of State, James Landis for Attorney General and let the good work go on to the rough completion. This is the only political issue and all of the leading candidates of the different parties are agreed upon it, and the most violent elements of the country are carrying their banners."

The cruiser Buffalo, at Puget Sound, has been directed by the Navy Department to proceed for duty in the suppression of pelagic sealing in Berring Sea. Under the award of Paris, this duty was conferred on Great Britain and the United States jointly, the purpose being to prevent Americans, Canadians and Englishmen from killing seals in the open seas. The waters within the three-mile limit of the Pribyloff Islands are patrolled by American revenue cutters, and it was for poaching within this limit that the two Japanese schooners were seized a week or two ago. Japan was not, however, a party to the agreement limiting sealing in the pelagic sea, which extends from thirty to ninety miles, and there is nothing to prerent Japanese from taking such seals as they can catch in this open sea. The Buffalo is under the command of Commander C. F. Pond. She carries six guns and has recently been used as a transport in the Philippine service.

In official circles here the story from Berlin that Japan is seeking a loan of 50 million dollars for the purpose of buying the Philippines is regarded as the veriest nonsense. Japan may be trying to borrow money but that she has any idea of approaching the United States with a proposition to purchase for 50 million dollars an archipelago upon which this country has already expended over 300 millions is, it is stated, not creditable to the intelligence of the person advancing it. Japan, it is recalled, has repeatedly denied that she wanted to buy the islands and the United States has, on more than one occasion, emphatically declared that she would not sell.

William R. Knight, jr., U. S. Shipping Commissioner at Philadelphia, a classified employe, was removed from office today by order of the Commissioner of Corporations. He was found guilty by the Civil Service Commisson of "undue political activity" and when called upon for an explanation declared that he purposed his political work.

United States Minister Gummere, at Tangier, confirms, in a dispatch to the State Department today, the press dispatch to the effect that the Moroccan minister for foreign affairs has requested him to come in from his country residence in the mountains and take up his abode in the city of Tangier, where he will be more fully protected. Mr. Gummere says that the whole country is in a turmoil, and that the situation is threatening. He says that three French and one Spanish cruiser are at Casablanca, and that the town has been occupied.

The President has today appointed Ernest A. Mott Smith, of Hawaii, to be Secretary of Hawaii. He will assume office Aug 13.

News of the Day.

F. H. McGuigan, first vice president of the Great Northern Railroad, has resigned. It is said that he and J. J. Hill had a fist fight.

Harrison Alexander, a negro who assaulted Mrs. Florence Whitehouse, a half-witted white woman near Greensville, Ky., was hanged yesterday.

The Moors on Thursday night renewed their attempt to invade Casablanca but were repulsed with heavy losses by the fire from the warships. All the consulates there are now guarded by machine guns. The total of the Moorish losses there is estimated at 2,000.

Bill Quantrell, leader of Quantrell's Guerrillas in the civil war, who, according to history, died of wounds at a Kentucky hospital after his raiders were cut up, is said to be alive and lives at Quatsino, on the northwest coast of Vancouver Island, under the name of John Sharp.

John McClintock, aged twenty-two, and Miss Edna Rogers, nineteen, were waylaid and shot while returning from an entertainment at Bloomington, Ind., Thursday night. McClintock was instantly killed. Miss Rogers will recover. The shooting was done in the front yard of Miss Rogers' home. Harvey Hinkle, an admirer of Miss Rogers, has disappeared.

The strikers in Belfast, Ireland, yesterday afternoon attempted to renew the disturbances in the neighborhood of the docks, but a show of bayonets on the part of the troops who are policing that part of the city quickly ended the trouble. A mob during the day attacked a passing wagon, overpowering its police escort, but when some soldiers came up at the double quick with bayonets fixed the rioters released the beleaguered constables, the mob quickly scattering at the sight of the bare steel.

The bishop of Loudon, Rev. Dr. A. F. W. Ingram, who will present to old Bruton Parish Church, at Williamtburg, Va., the second oldest church in America, the Bible which King Edward has given it in connection with the Jamestown Exposition will leave England for America at the end of August and will visit the principal Canadian cities and New York. Washington, Richmond, Va., and Boston. He will be entertained by Yale and Harvard and will attend the tercentenary conference of the Episcopal Church at Richmond.

Lazar Mehojevich was hanged in New Orleans yesterday for assaulting a little girl. Mehojevich within the past week exhibited one of the most unusual changes in the history of the city prisons. From a state of terror so great that he wasted from over 200 pounds to but little more than 100, he lost almost every symptom of fear, became quiet and self-contained and attempted to make his death watch's task more cheerful. He claimed the change was due to the influence of two priests who visited him. Mehojevech maintained that he was innocent.

The anniversary of the coronation of Pope Pius X was celebrated yesterday in the Sistine Chapel in Rome with deep religious solemnity, great pomp and magnificence. All the cardinals, the papal court, the diplomatic corps, accredited to the Vatican, the heads of the religious orders and the members of the Roman aristocracy were present, forming a picturesque scene. The papal secretary of state, Cardinal Merry del Val, officiated. The Pope was seated on the throne, while the choir, under Mgr. Perosi, consisting of specially trained boys and also members of the American College of Rome, sang beautifully without the accompaniment of instruments.

Rapp Guy, an Italian, aged 19 years narrowly escaped lynching yesterday at the hands of nearly 100 persons in Allegheny, Pa., following an alleged attempt to assault Mrs. Mary Baruko, aged 38 years, of Allegheny. The policemen and firemen who were called to the scene had great difficulty in getting the man from the mob and taking him to the Central Station. It is said Guy entered the residence of Mrs. Baruko during the absence of her son, aged 19 years, and made an effort to attack her. He finally seized a razor and is alleged to have slashed her on the face. He escaped, but Mrs. Baruko followed him in an effort to hold him for arrest. Mrs. Baruko's injuries are not serious.

ACT JUSTIFIED.

Charged in the Richmond Police Court with having administered a sound spanking to his pretty young wife, Edwin F. Jarvis, a young white man, a clerk in the offices of the Chesapeake and Ohio Railway, yesterday morning turned the tables on his complaining spouse and secured from the court the assurance that he had done right in chastising his wife. The evidence was to the effect that she had nagged the young husband because he had been unable to keep his promise to her and put a stipulated sum to her credit in a bank each month. The girl, who is prepossessing in appearance, had, he said, developed a biting tongue, and not only attacked him and his good name, but cast aspersions upon the good names of the members of his family. The spanking administered was mild in its nature and had the doubtful effect only of further angering the recipient of it. Mrs. Jarvis admitted that the statements of her husband were true.

TRAINMEN INDICTED.

Alleging that they ran at high speed past a red signal at Takoma station on the night of December 30 in a dense fog and, crashing into train 66, caused the death of Prof. Theodore I. King and 41 others, the grand jury in Washington yesterday returned an indictment holding for trial the entire crew of the equipment train which crashed into the Frederick local at Terra Cotta, Md. The men charged with manslaughter are Henry H. Hildebrand, engineer; Ira C. McClellan, fireman; Frank F. Hoffmeier, conductor, and Ralph Rutter, brakeman, all of Baltimore. The grand jury ignored the finding of the coroner's jury, which held William M. Dutrow, William E. McCauley, T. F. Dent, J. W. Kelly, jr., B. L. Vermillion and George A. Nagle. The grand jury exonerates them from blame in connection with the wreck.

Virginia News.

The twenty-fifth national convention of the Knights of Columbus closed at the Pine Beach Hotel, Norfolk, yesterday evening. St. Louis was chosen over Baltimore, Quebec, Atlantic City, Cleveland, and other places as the next place of convention. Just before leaving for Washington last night, Monsignor Falconio, papal delegate to the United States, expressed great delight with his visit to the Jamestown Exposition and with his reception by Catholics and non-Catholics.

The bodies of T. G. Winfield and his wife, the victims of the former's pistol and knife, at Roanoke, were buried side by side on the farm of J. R. Sloan, in Franklin county, today. Sloan is an uncle of the dead woman. Wingfield, in a fit of jealousy, murdered his wife Thursday and committeed suicide over her dead body. The woman's grandfather, Robert Sloan, is the wealthiest farmer in Calloway section of Franklin county and a man of prominence.

The uniform freight rate classification ordered by the State corporation commission will be put into effect on the common carriers of the State on September 15. The Louisville and Nashville Railroad yesterday morning, through its general traffic manager, C. B. Compton, of Louisvills, Ky., submitted to the commission in Richmond a schedule of rates in agreement with those promulgated by that body. All the others roads doing business in Virginia have already submitted similar schedules.

Ernest Simons, 20 years old, was held for the grand jury at Berryville, Clarke county, yesterday evening, for causing the death of Miss May Bushnell, of Winchester, in an automobile accident near Berryville, on last Tuesday night. He was remanded to jail without bail. It is alleged that Simons stretched a pole across the road, and that the automobile in which Miss Bushnell was riding struck this pole, throwing her out and killing her. Simons was put on the stand in his own defense. He denied that he was implicated in the young woman's death.

A telegram received in Richmond yesterday tells of the finding of the body of Charles I. Meade, of Scott county, Va., in Estell county, Ky., where he had been murdered. Meade was wanted in Gate city on a charge of murdering and robbing A. J. Porter and afterwardkilling a deputy sheriff. He escaped to the mountains of Kentucky and a reward of $900 was offered for his capture. It is believed that the murderer was slain by a friend of the men he killed in Scott county. The body of Meade was badly mutilated. Isaac Jules, a brother-in-law of Meade, found tho body in a canebrake several days after the man had been killed.

MISS CHRISTIAN ELOPES.

After an elopement which began in Atlanta, Ga., Thursday morning Miss Julia Jackson Christian, the only granddaughter of Stonewall Jackson, the great Confederate chieftain, was married Thursday evening at Salisbury, N. C., to Edmund Randolph Preston, of Charlotte, N. C., where the bride has also been residing.

The strenuous objection of the young lady's father, who was the general passenger agent of the Seaboard Air Line Railway, to the marriage of his daughter to Mr. Preston was the reason for the romantic marriage. Miss Christian left Atlanta Thursday on the first section of one of the northbound trains on the Southern Railway. Her father suspected that she was about to be married, and he took the second section of the same train out of Atlanta. He telegraphed his daughter at Greenville, S. C., to meet him at Charlotte. Instead the young lady wired Mr. Preston to meet her at the Charlotte station. This he did, and as the train bore them out of the Charlotte yard the second section was heard to whistle for the other end of the yard.

Believing his daughter had left the train the father got off at Charlotte, only to find that the daughter had eloped with Mr. Preston.

Mr. Preston is a prominent and rising young attorney of Charlotte, and he is a member of the North Carolina legislature. The couple spent yesterday in Lynchburg and left late yesterday afternoon on a westbound trip for their honeymoon without disclosing their destination. They will return to Charlotte to live.

MORE INDICTMENTS.

The federal grand jury, of Jamestown, N. Y., which for the past month has been investigating alleged rebates granted the Standard Oil Company from Olean to points in Vermont, yesterday afternoon completed its work far enough to return 10 indictments. Two of these indictments were against the Standard Oil Company of New York, two against the Vacuum Oil Company of Rochester, two against the New York Central and Pennsylvania Railroad companies jointly, and two against, the two companies jointly and two against these separately.

One of the indictments against the Standard Oil Company of New York contains 188 counts, the other 40 counts. There is the same number of counts in the indictments against the other corporations. The law provides a penalty of $2,000 for each violation, and as each count in the indictment charged a separate offense, it will be in the province of the court, in the event of conviction, to fine each of the four corporations $4,460,000, or a total of $17,840,000 for all.

Violation of the Interstate Commerce law in accepting illegal concessions in the shipment of oil is charged against the Standard company and the charge against the railroad companies is the granting of these concessions.

THE LABOR ISSUE.

As a result of the general strike of building trades union in Washington more than 150 union mechanics failed to report for work yesterday on buildings in that city being constructed by contractors affiliated with the employers' association. Fourteen buildings, representing a total cost of more than $1,000,000, are tied up. Fifty nonunion mechanics from New York, Philadelphia and Pittsburg went to work on the new Academy of Music, one of the buildings affected. The employers' association maintains that it is not fighting union men, but that they will not tolerate the "closed shop." Labor leaders claims that by Monday the tie-up of the building industry of the city will be complete, and that the strike will continue until the employers' association agrees not to employ nonunion mechanics.

Today's Telegraphic News.

The Telegraphers' Strike.

New York, Aug. 10.—Officials of the Telegraphers' Union here are doing all in their power to prevent a strike, but the belief is prevalent among the union operators that a walk-out of between three and four thousand men in the employ of the Western Union and the Postal companies will take place Monday or Monday night, unless some general settlement is reached in the meantime.

All the union operators in New York will meet tomorrow afternoon for the purpose of making a demonstration and arriving at a decision regarding the local situation.

The Western Union Company has two hundred cots stored in the general office building ready for use by nonunion operators in case of a walk out.

Officials of the two companies assert that they will be able to fight the union here.

Chicago, Aug. 10.—Until early today the sweep of the strike wave was toward the south and west. St. Louis and Omaha were the only important cities remaining unaffected between Chicago and the Pacific coast, and Chicago and the gulf. It is more than probable that these two points will be out before night fall. Frisco is tottering on the brink and the men are bombarding President Small with demands that they be called out. Today the movement started eastward. Pittsburg, Cincinnati, Indianapolis and Cleveland men are on the alert and begging for an opportunity to join the fight.

Disorders have started in Chicago. The first fight was reported to the police early today when a strike breaker named Leighton was jumped upon by three men supposed to have been strike sympathizers, as he was leaving the Postal Company building early today, and badly beated up.

Trouble seems inevitable today and the police are preparing for the worst. The orders of Mayor Busse that the unions abandon their picket lines about the Postal and Western Union buildings has caused much anger among the operators and open clashes are expected.

New Orleans, Aug. 10.—Western Union Telegraph operators have struck, joining the Postal's force which went out last night.

Chicago, Aug. 10.—Secretary Russell, of the Commercial Telegraphers, is now in conference with the attorneys of the union, preparing it is said to ask the Federal government to seize the properties of the Western Union and Postal Telegraph Companies, providing the strike continues to spread, under the terms of the Federal statute giving the government power to take over the properties of the telegraph companies as a matter of public expediency when the companies are unable to operate them.

Atlanta, Ga., Aug. 10.—Western Union operators here say a srike is imminent. The officials of the local union however, are awaiting orders from President Small.

The War in Morocco.

Tangier, Aug. 10.—The war against the Moors is to be "carried into Africa." With temporary security for Europeans assured at Casablanca, today's advices announced that an expedition will be dispatched against the natives encamped near the town to recapture women carried away from the city by the Moors.

With between 10,000 and 12,000 soldiers now at Casablanca as the latest advices show, and half a dozen warships in the harbor it is believed enough men can be spared to send a strong force on the expedition.

While the situation has quieted down somewhat the crisis has by no means passed. An attack on Tangier is one of the immediate possibilities.

Agitators are still preaching the holy war throughout the country and fighting men from the interior, aroused by the fanatics, are swarming down to the coast.

Paris, Aug. 10.—Disquieting news as to the real situation in Morocco is sent by the correspondent of the Matin at Tangier which contradicts the optimistic official dispatches received earlier. The correspondent declares the insurrection is spreading rapidly and is especially grave at El Kebir. French residents are fleeing from both Elbir and Atoabar. Twenty-two hundred fresh French troops have been landed at Casablanca from the transport Nive.

Fighting in Korea.

Seoul, Aug. 10.—Fighting between the Japanese and Koreans has again broken out, this time in the interior. The conflict which threatens to become general followed the Japanese demands for the disarmament and disbanding of the provincial garrisons of the Korean army. At several points the Korean troops have left their barracks and are scouring the country for recruits, planning a movement to restore the deposed emperor to the throne.

Soldiers and civilian rioters have driven the Japanese police from Situng and are organizing to resist an expected attack by the Japanese military. In Wongu the entire Japanese population was driven to the hills by Korean rebels. Two companies of reinforcements have been rushed to this point, but as yet the Koreans are holding their own. The Japanese military force in the country is so small that it is powerless to resist a widespread outbreak, and it is feared the revolt may gain serious proportions before reinforcements can reach here from Japan.

Explosion of Dynamite.

Detroit, Mich., Aug. 10.—The town of Essex, Ont., 16 miles from Detroit, was practically blown to pieces by the explosion of a car of dynamite standing on the Michigan Railroad tracks there this morning. The station agent and an engineer are known to be dead, and eight other bodies are reported to have been recovered. The explosion was heard in every part of Detroit, and buildings here were shaken, causing great consternation. Essex is a town of 1,500 people.

Boulder, Col., Aug. 10—An explosion of dynamite, following a fire in the [illegible] here today, injured 100 persons, some of whom are expected to die. Fully 300 persons near the scene were thrown from their feet by the shock. It is thought the fire was started by firebugs.

Accidentally Shot.

Mobile, Ala., Aug. 10.—Wm. J. Patterson, jr., prominent socially, was fatally shot here early today by being mistaken for a burglar. A next door neighbor cried out for assistance, and he rushed to the scene. Parties who had preceded him, seeing him running, fired with shot guns, shooting him down. Two hundred and fifty shots entered his abdomen. Fremont Thrower, jr., a prominent citizen, did the shooting and has surrendered to the police. The shooting has caused a sensation.

Tramp Explodes Nitro-glycerine.

Ridgeway, Pa., Aug. 10.—During a battle with a tramp, who proved to be a professional burglar, here early today, five members of a Pennsylvania freight crew were terribly injured by the explosion of a bottle of nitro-glycerine which either fell from the burglar's pocket or was dashed on the ground by him. The burglar himself, who is unidentified, had his clothing torn and blood was forced from his ears and nose beside being terribly lacerated. He will probably die. Engineer William Robinson, who was struggling with the burglar when the explosion occurred, had both legs lacerated and an ankle crushed, so that amputation will be necessary. Wm. Wadeley was cut about the face and left arm lacerated; second Engineer I. J. Snyder, face torn; Conductor H. A. Pierce, both legs torn badly; brakeman Jos. Krabs and Earl Marshall cut about head by flying splinters from car and Marshall blinded. In the pockets of the burglar's coat was found fuses, soap, eraser and pieces of a mirror. A second man has been arrested. They were riding on a house car when discovered by the crew at a tower and the battle ensued.

Attempts to Lynch Albert.

Montpelier, France, Aug. 10.—Two determined efforts to lynch Marcelin Albert, formerly leader of the Midi wine growers, were made last night and today by his former followers. In one attack a mob of women made a desperate effort to hang him. He is now under police guard in his own home. Accussed of being a spy for Premier Clemenceau, Albert has dropped from the proud position of idol of the entire Midi district to the point of utter degredation in the eyes of his countrymen.

Forest Fires in Cuba.

Havana, Aug. 10.—Forest fires are reported to be raging in Santa Clara province. Numerous sugar interests are said to be threatened by the flames. Unless the fire is quickly checked it is probable immense losses will result.

An insurrectionary outbreak has broken out at Cienfugos, according to another report reaching here. General Rodriguez and two American army officers have been sent to the district to investigate.

Threatened Strike of Boilermakers.

Los Angeles, Cal., Aug. 10 —A general strike on all the Harriman lines is threatened if the demands of the striking boilermakers on the Pacific division of the Southern Pacific Railroad are not granted within twenty-four hours. President Geo. F. Dunn, of Kansas City, president of the international organization, has sent word that a general walkout on Harriman lines will be called.

A Wife's Charge.

Philadelphia, O., Aug. 10.—Failure to take a bath in fifteen years is the charge made against her husband as ground for divorce by Mrs. Wm. Ailing here today. She says she has put up with his act of cleanliness as long as human endurance would permit. It is reported that he will defend the suit on the ground that bathing is unhealthy and unscientific.

Collision in Tunnel.

Hendaye, France, Aug. 10.—The Southern express, bound from Paris to Madrid, collided with a freight train in the Otzaurte tunnel today. Ten persons were killed and scores were injured, some of them seriously. Fire broke out adding to the horrors of the wreck in the tunnel. Several of the victims of the disaster are reported to have been burned to death.

Attempt to Blow Up Residence.

Minola, L. I., Aug. 10.—An attempt was made today to blow up with dynamite the residence of Vincent Zavatt, a banker and real estate dealer, at Inwood. When Zavatt went to the window to see what had happened, two shots were fired at him. He escaped injury. The house was wrecked by the explosion. It is believed the attack was the result of Zavatt's work in assisting the Dis. trict Attorney to run down Italian criminals.

Injured by Big Car.

New York, Aug. 10.—One man was fatally hurt and six others badly injured when a big car in the International Endurance Derby of twenty-four hour's duration, crashed through the fence at the Brighton Beach track today and tore its way through a crowd of spectators.

New York Stock Market.

New York, Aug. 10.—The stock market was weak from the opening. Price movements were generally to levels of 2 to 3 points below last night's close. The stock market toward the close rallied on an average of about a point for the leading shares, which was attributable to short covering.

CAUSE OF THE STRIKE.

Colonel Clowry, president and general manager of the Western Union Telegraph Company, yesterday gave out in New York the following statement in relation to the strike at Los Angeles and Chicago:

"On July 23 an operator at Los Angeles was charged with maliciously delaying traffic. As a careful investigation, which occupied several days, showed conclusively that he was guilty of deliberately obstructing traffic on important circuits, he was discharged. A petition signed by other employes of the office requesting his reinstatement was there upon presented to the local superintendent, and when the signers were advised that the company would not tolerate the malicious delaying of important messages and that the discharged operator would not be reemployed, the majority of the operating force quit work without notice. Operators were sent to take their places from nearby points, and at 11 o'clock last night the operators in the Chicago office employed on the Western circuits, acting in conformity with resolutions understood to have been adopted by the local union organization, refused to work with the nonunion men at Los Angeles, and when this was insisted on they quit work in a body. The Chicago operators have presented no grievances, and the present movement is an attempt to enforce the closed-shop rule, which, if successful, would take control of the company's affairs out of its own hands. Such a condition, as has been repeatedly shown, is inimical to the confidential and responsible character of the company's relation to the United States government and to the public."

A Valuable Lesson.

"Six years ago I learned a valuable lesson," writes John Pleasant, of Magnolia, Ind. "I then began taking Dr. King's New Life Pills, and the longer I take them the better I find them." They please everybody. Guaranteey at E. S. Leadbeater & Sons, druggists. 25c.

THE LATE M. C. McDONALD.

As was stated in the Gazette, Michael C. McDonald, for many years a leading politician and gambler in Chicago, died yesterday in a hospital. McDonald had not been prominent, however, during the last 10 years.

At McDonald's bedside just before death was his first and second wives who met and kept vigil together.

Both these women taught the notorious gambler the zephyr quality of woman's vows. The first, Mary McDonald, eloped to France with an excommunicated priest, Father Joseph Moysant, and, returning after a few months, deserted and repentant, was forgiven by the millionaire gambler, only to disappear again with a traveling minstrel. With the second—Dora McDonald—whom he married after divorcing Mary for the last elopement, he lived happily until the beginning of 1907 when she shot and killed Webster Guerin in his office, revealing a clandestine love affair which she had been carrying on for 10 years—in fact, ever since young Guerin was 15 years old. She will be tried in October for the murder of Guerin.

The lifelong friends of McDonald were astonished to learn after his death that he, at one time, had become a member of the Jewish faith. It is said that after McDonald had secured a divorce from his first wife he could not marry the second Mrs. McDonald, who was a Jewess, until he had embraced the Jewish faith. Prior to his death, however, he returned to the Catholic Church.

It is said that the amount of McDonald's estate will be between $1,500,000 and $2,000,000. It is expected that there will be a contest between the first and second wives of McDonald for the bulk of the estate. McDonald directed in his will that $25,000 be deducted from the share of the estate set apart for his second wife to defray the expenses of her defense.

ROCKEFELLER'S BURDENS.

John D. Rockefeller in discussing the recent speech of Judge Grosscup, in which the latter declared that the wealth of the country was so widely distributed that it was really in the hands of the moderately well-to-do class, yesterday in Cleveland, O., said: "My eggs are not all in one basket. The truth is, I figure as an investor and stockholder rather than as proprietor. It is a fact that hardly any sort of business can experience dull times without loss to me. It should be plain, then, that I have the best right to be anxious for good times all around. I am harnessed to a cart in which the people ride. Whether I like it or not, I must work for the rest. The richest man can eat but three meals a day, and it does not take a fortune to dress well. The men who have acquired the largest fortunes have not pursued wealth but business success. If we must have our family jars among ourselves, why should we let the outside world laugh at our angry faces? The United States cannot develop enough drawbacks to make me lose the feeling that there is no place like home, and that this is home, in what I firmly believe is the greatest country of the world.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

MARRIED.

FIGHT IN A SALOON.

A fight occurred in a saloon in the northeastern section of the city about 10 o'clock last night in which one man was badly cut about the head and the other participants were more or less used up. Lieutenant Smith was notified over the telephone of the fight, and after responding to the call placed an Alexandrian and two Washingtonians under arrest. He was assisted in making the arrest by Policeman Nicholson. When the case was called for trial in the Police Court this morning the Washingtonians forfeited $5 collateral each by non-appearance and the Alexandrian was fined $10. The police were instructed to rearrest the Washingtonians, as their collateral was deemed insufficient for the offense.

According to the testimony given, the man who was cut was an innocent bystander and was attacked by the Alexandrian. The proprietor of the place said that the men came to his place and wanted to fight, after which the cutting occurred. Later the injured man was conveyed to a doctor where several stitches had to be taken in his head. The testimony of the Alexandrian was to the effect that the man who was cut said that he could whip any man in the house, and this, he claimed, precipitated the fight. This was the only case before the Police Court this morning.

THE DOG WAGON.

Nineteen dogs are now incarcerated in the yard of the city jail as a result of the appearance of the dog wagon yesterday. Up to the present time none of the owners of the animals have called to claim them. The authorities have not yet determined what method of procedure will be adopted to dispatch them, although it is regarded as more than probable that the canines will be put to death by means of chloroform. All dogs which have not been called for by Monday morning will be put to death. Judging from present indications the dogs taken up are not valued by their owners; otherwise they would have already been called for. The wagon did not make its appearance on the streets today, but it was stated that it will begin operations Monday morning when those in charge expect to be successful in capturing a large number of worthless dogs.

A city official stated this morning that the appearance of the dog wagon on the streets had met with the hearty approval of most citizens, and that it is the only plan which could be adopted to rid the city of the numerous worthless curs which roam the streets both day and night, and in many instances bite people.

THE CHURCHES.

The regular Sunday services will be held at the M. P. Church tomorrow, notwithstanding the absence of the pastor, Rev. G. L. Humphreys. At the morning service Rev. Samuel P. Stokely will preach and at the evening service Rev. Mr. Van Arsdale, pastor of Trinity M. E. Church, will preach.

Rev. C. K. Hobbs, of Portsmouth, will preach at Woodlawn tomorrow morning at 11 o'clock and in the evening at 8 o'clock at Del Ray. Rev. Mr. Hobbs has been extended an invitation by the Baptist Church of this city to preach for them. He is the guest of Rev. Dr. W. F. Fisher while in the city.

Rev. Dr. W. F. Fisher will preach at Harper school house, in Fairfax county, tomorrow evening.

There will be no services at Bethany Methodist Pretestant Church tomorrow.

CAMP MEETING.

Rev. F. A. Strother, having recently held two successful village camp meetings, will hold two more during the month of August, one at Dunn Loring beginning the 16th of August at 8 p. m., and the other at Navy beginning August 24 at 8 p. m., both continuing a week or ten days. There will be services twice a day at 11 a. m. and 8 p. m.

QUARTERLY CONFERENCE.

The second quarterly conference for Fairfax Circuit M. E. Church South will be held at Annandale, August 31 to September 1. There will be preaching at 11 a. m. and 8 p. m. by Rev. E. V. Regester, P. E.

PERSONAL.

Mr. and Mrs. R. L. Monroe have returned from Atlantic City.

Mr. Thos. F. Kelly and family left yesterday morning for Colonial Beach, where they will remain for ten days.

Miss Maude Murray, of Edinburg, is visiting her sister, Mrs. George W. Wells, on Queen street, after her return from a pleasant trip to Baltimore and the Jamestown Exposition.

Mr. and Mrs. H. O. Pattison, of 2019 Columbia Road, Washington, are being congratulated upon the birth of a son. Mrs. Pattison was formerly Miss Eva Hudson, of this city.

Dr. and Mrs. J. B. Brumback, of Luray, are visiting their daughter, Mrs. Walter T. Oliver, at Fairfax.

Mr. D. R. Stansbury and family left this morning for Atlantic City where they will spend their vacation. They will stop at the Monticello Hotel.

Mr. Reginald Cox is at Atlantic City, where he is spending his vacation.

Mrs. R. A. Bontz has gone to Sterling for the remainder of the summer.

Miss Helen Adams and Miss Josie Richardson, of Richmond, are visiting Mrs. Geo. H. LeHew.

Miss Janet Rowen is visiting friends in Edinburg.

Mrs. Hugo Herfuth is spending a few weeks at Colonial Beach.

Mrs. J. J. May is at Colonial Beach.

Mr. Charles Bendheim has returned from Atlantic City.

A DANGEROUS PASTIME.

A dozen or more youngsters appear on what is known as Reardon's wharf, between King and Prince streets, every evening about 7 o'clock, and when the Norfolk steamer is making her landing jump overboard in dangerous proximity to the propeller of the steamer. It is said that the screw of the boat while revolving is calculated, by its suction, to draw a person fifteen feet away into its swirl, in which event he would be ground to pieces. One of the Norfolk steamers was backing away a few evenings ago while some boys were in the water, and it became necessary to stop the engines in order to save the thoughtless youths from a terrible death. Yesterday while the steamer Washington was making her landing some boys who were swimming close to the revolving propeller caused anxiety to all who witnessed their foolhardiness. The laws of the city forbid such dangerous pastimes.

THE WEATHER.

There have been heavy rains in this city and vicinity during the past twenty-four hours. The wind changed to the northeast at an early hour yesterday morning, and before noon rain began to fall. There were showers at times during the remainder of the day and last night, with more copious downpours this morning. So far as known the rains have caused no material damage in this immediate neighborhood. People who arrived here today by W. & O. trains report torrential rains in parts of Loudoun county and considerable damage to growing crops. The temperature is pleasant.

MEETING OF HORSEMEN.

A number of horsemen held a meeting yesterday afternoon for the purpose of formulating plans for organizing a driving association. Those present discussed the matter at length, after which it was decided to hold another meeting Wednesday afternoon at 5 o'clock at the old St. Asaph race track when, it is stated, a name will be adopted for the association and officers will be chosen. It is said that considerable interest is manifested in the movement by a number of local horsemen. The meeting yesterday was held in this city owing to the inclemency of the weather.

SCARCITY OF LABOR.

A well known citizen stated this morning to a representative of the Gazette that the scarcity of labor in this city is just now a serious problem. An instance was cited where he made several unsuccessful efforts to secure a man to operate a machine which, after he became proficient, would pay him $18 per week. It was also stated by the citizen that laborers for various other occupations are also very scarce. Notwithstanding the above, there is a large class of people who apparently will not work and can be seen on the different street corners both day and night.

DENIES CHARGE.

Referring to the communication published in yesterday's Gazette alleging that no officer answered a summons to come to a King street store and arrest a disorderly negro, Officer John T. Boberts says that he was in charge at the station house alone at the time, and in a few minutes afterward when an officer called up he was at once dispatched to the place in question and upon arriving there ascertained that the man who was charged with being disorderly, had departed for Washington.

THE MARKET.

There was a fair supply of country produce in market this morning notwithstanding the heavy rains of yesterday and last night and the consequent bad condition of the roads leading to this city. Prices for butter, eggs and poultry showed no material changes, but vegetables were weaker. There was an abundance of tomatoes which were generally being offered at low prices. Blackberries were plentiful, and they were selling at 5 and 6 cents per box.

MIDGETS' CASE.

It is expected that the case of William Johnson, alias George Midgets, colored, convicted of the murder of Charles T. Smith, will be heard at the November term of the Court of Appeals. As previously stated, counsel for the accused secured a writ of error in the case pending an application for a new trial. Midgets is still confined in the jail at Fredericksburg.

THE OPERA HOUSE.

It is rumored that Manager H. T. Underwood of the Opera House has secured for an early date at his house the well-known Kamberger-Bachman Company in repertoire, presenting big scenic productions of their own plays. Should this rumor prove to be true more definite information will be given later.

CANDIDATES FILE NOTICE.

Today is the last in which those desiring to enter the democratic primary, which will be held September 10, to nominate a candidate for the State Senate from the Fourteenth Senatorial district, can enter their names.

Mr. Charles Bendheim, chairman of the democratic committee, announced this afternoon that the following had filed notice of their candidacy with him: Mr. Lewis H. Machen, the present incumbent, of this city; Mr. Alexander J. Wedderburn, of Fairfax; and Mr. R. Ewell Thornton, of Fairfax. It is not believed that there will be any other candidates. The fight will, therefore, be a three-cornered one, and it is expected all of the candidates will within a comparatively short while begin an active canvass. At a recent meeting of the congressional commitee it was decided that all candidates entering the contest would be requested to file notice of their candidacy thirty days prior to the date set for the primary.

CORPORATION COURT.

In the Corporation Court today, Judge Barley presiding, decrees confirming the report of J. R. Caton, jr., and R. D. Brumback, and appointing Samuel P. Fisher commissioner of sale were entered in the following cases:

City Council vs. J. Southgate Yeaton; City Council vs. John G. Cooke and others, two cases; City Council vs. Andrew Ellicott.

The attachment case of Zedekiah Mudd against Mary Foster was dismissed.

DELEGATES ELECTED.

At a meeting of the Relief Hook and Ladder Company held last night Mr. R. M. Latham, vice-president of the association, and Messrs. J. D. Webster and Joseph DeSilva were chosen delegates to the Firemen's State Convention which convenes at Newport News on August 27. Messrs. Raymond Rodgers and Charles Clarkson were chosen alternates. Following the meeting the members enjoyed a crab feast.

CHARGED WITH NON-SUPPORT.

A white man was arrested this afternoon and locked up on a charge of not supporting his family. He was arrested several days ago on a charge of assaulting his wife, but owing, it is said, to his wife's injuries the assault case has not yet been heard. Both cases will, it is expected, be heard Monday.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

LOCAL BREVITIES.

A special meeting of the stockholders of the National Sand Dredging Company was held today at the office of Mr. Gardner L. Boothe.

Richard L. Carne, jr., has purchased from Edward P. Matter, a brick house and lot on the west side of Patrick street, between King and Cameron streets. The consideration was not given.

Frederick, the infant son of Mr. R. B. and Mrs. Lavinia Cobean, died at his parents' home, No. 507 south Henry street, this morning. The child was twin brother to an infant which died about a week ago.

Owing to wet grounds the game of baseball between the Alexandria Athletic Association and the Dolphins, of Baltimore, has been postponed until next Saturday. On Wednesday next the Alexandrias will go to Herndon and play the team of that place.

TROUBLE IN KOREA.

Serious clashes are reported resulting from the disbanding of garrisons in the interior of Korea. At Wonju the entire Japanese population, officials, policemen and civilians were driven to the hills by 250 Korean soldiers. A rescuing party of Japanese troops after a two hours' fight succeeded in escorting them to a place of temporary safety. Two companies of reinforcements have been rushed forward from Seoul.

At Siteung 200 rioters with rifles drove away the police and are organizing the people for resistance to the Japanese.

At Yangkun armed bands of former soldiers and licensed hunters are scouring the country for recruits. They have issued a proclamation to Christians demanding co-operation, contending that as the latter profess belief in the power of God, they must join with believers in the power of Korea, as these two powers are sufficient to restore the dethroned emperor. The unique crusade is making considerable headway. Trouble is likely to occur at many other interior points, but on a comparatively small scale.

Hunting for Trouble,

"I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains, or a case of piles that Bucklen's Arnica Salve won't quickly cure," writes Charles Walters, of Alleghany, Sierra Co. No use hunting, Mr. Walters; it cures every case. Guaranteed at E. S. Leadbeater & Son's drug store. 25c.

THE STANDARD'S BOND.

The attorneys for the Standard Oil Company yesterday filed the company's assignment of errors in the United States District Court at Chicago. They then went before Judge Grosscup, in the United States Circuit Court of Appeals, and made application for an appeal, a writ of error and supersedeas.

The Standard Oil attorneys contended that the supersedeas should be granted upon a bond no larger than sufficient to cover the costs. It was claimed by the government, however, that the bond should be fixed at $29,240,000, the amount of the fine imposed by Judge Landis, and in order to secure the government pending a stay of excution in the judgment. The assignment of error contained 116 citations in which Judge Landis is said to have erred in his decisions during the trial.

The writ of supersedeas sought was not granted, but Judge Grosscup allowed the writ of error. Action was delayed on the writ of supersedeas pending the determination of the amount of the bond the company is required to file. The attorneys for the oil company were directed to inform the court of the financial responsibility of the company.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. JEMISON, Spring Grove York county, Pa. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

BRIDE SOLD BY MOTHER.

Battered by her mother to two men, Victoria Sullivan, a pretty Syrian girl, with an Anglicized name, is in the peculiar position in Huntington, W. Va., of having two husbands fighting in the courts for her affections. Alleging that he had paid $25 for his wife, besides twice marrying her, once in accordance with the Syrian custom and then in the manner prescribed by the American law, John George, a Richmond Syrian, found his missing bride last week in Huntington. It is alleged that the mother of the girl, not being satisfied with the $25 she had received from the sale of her daughter to George, took her away and sold her to Kouri for $500. There he found that his wife had again been married. He at once instituted proceedings to recover damages for the alienation of the affections of the girl. He will also enter suit for divorce.

FINANCIAL.

To know about a Bank when you decide to entrust it with your savings is its record for conservative management and the protection offered depositors by its capital stock. You will find the Virginia Safe Deposit & Trust Corporation a safe, sound and conservative institution, backed by successful business men and a directory composed of men who devote care and attention to its management. This institution is in every way progressive as its steady increase in deposits will indicate, its total resources amount to nearly $900,000, and its success is attributed largely to the fact that it has been liberal with its depositors. Why not open a savings account with us? We pay 3 PER CENT. interest compounded in our Savings Department and solicit your account however small the amount.
